Thursday 15th February, 2007

**Systems Engineering for Autonomous Systems (SEAS) &
Electro-Magnetic Remote Sensing (EMRS) Defence Technology Centres (DTCs):
Joint Technical Conference & Exhibition, Tuesday 10th & Wednesday 11th July 2007,
Edinburgh International Conference Centre, Edinburgh, UK.**

Two of the UK's Defence Technology Centres have decided to collaborate by holding a joint technical conference & exhibition in 2007 at the Edinburgh International Conference Centre. At this conference the research output from these two £30 million programmes will be disseminated to an anticipated audience of 600 delegates. The combination of the two DTCs' programmes will produce a technical conference of significant breadth and depth with approximately 100 technical papers presented on the following research themes:

SEAS DTC: www.seasdtc.com

- Systems Engineering Framework
- Systems Engineering Research
- Sensor Exploitation
- Algorithms & Architectures
- Mission Planning & Decision Making
- Communications & Control
- Propulsion, Power Generation & Energy Management

EMRS DTC: www.emrsdtc.com

- RF Sensor Systems
- Electro-Optic Sensor Systems
- Embedded Processing for Sensor Systems
- Devices & Materials for Sensor Systems

The programme will attract significant interest from across the defence science community from the UK and beyond.

The exhibition, located in the Cromdale Hall, will suit small, lightweight, free standing exhibition stands such as pop-up displays / walls. Capacity exists for approximately 40 exhibitors. The R&T focus of the conference will mean that profile of exhibitors will include:

- University Departments or Research Groups
- Commercial / Government Research Centres
- Defence Contractors
- Suppliers of products & services to defence contractors
- Innovative, technology led smaller companies
- Suppliers of products & services to the research community

The ethos of the Defence Technology Centre initiative is one of inclusivity and collaboration and for this reason the DTCs will be offering affordable access at the following rates:

Exhibition (Space Only) – Not for Profit Organisations (for two days)
Exhibition (Space Only) – Commercial Organisations (for two days)
Sponsorship & Other Marketing Opportunities

£750 + VAT
£1,250 to £1,500 + VAT
P.O.A

To express an interest in exhibiting, product demonstrations, seminars or sponsorship please contact me directly.

Yours sincerely,

Neil Whitehall
